

## CERTIFICATE OF ANALYSIS

Date: 28-03-2026

|                                       |                                                                                                                           |                                          |                  |
|---------------------------------------|---------------------------------------------------------------------------------------------------------------------------|------------------------------------------|------------------|
| <b>Product Name</b>                   | <b>Venetoclax Oxalic Acid</b>                                                                                             |                                          |                  |
| <b>Chemical Name</b>                  | N1,N2-bis((3-nitro-4-(((tetrahydro-2H-pyran-4-yl)methyl)amino)phenyl)sulfonyl)oxalamide compound with triethylamine (1:2) |                                          |                  |
| <b>Structure</b>                      |                                          |                                          |                  |
| <b>Batch. No.</b>                     | -                                                                                                                         | <b>CAS No.</b>                           | NA               |
| <b>Analysis Date</b>                  | -                                                                                                                         | <b>Retest Date</b>                       | 1                |
| <b>Mol. Formula</b>                   | $C_{26}H_{32}N_6O_{12}S_2 : 2(C_6H_{15}N)$                                                                                | <b>Molecular Wt.</b>                     | 684.7 : 2(101.2) |
| <b>Long term Storage Condition</b>    |                                                                                                                           | Store at 2-8 °C in well closed container |                  |
| <b>Handling and Transit Condition</b> |                                                                                                                           | 25-30 °C in well closed container        |                  |

| Test                   | Result                |
|------------------------|-----------------------|
| Appearance             | -                     |
| Solubility             | -                     |
| <sup>1</sup> H-NMR     | Conforms to structure |
| MASS                   | Conforms to structure |
| Chromatographic Purity | >90%                  |
